Sir,

***Subject*:-** SHORTAGE OF FUEL IN THE GOVERNMENT FUEL DEPOT, VI DIVISION.

I have the honour to state that the Rationing Officer, Bangalore City has reported in his letter Nos.R2-F-464-C-2031/45-6 dated 22-4-46 and 10-6-46 (copies enclosed) that a total shortage of 1640 maunds of casurina fuel for a total receipt of 137-5-3 tons has occurred in the Government Fuel Depot, VI Division. It is reported that the shortage is due to the fact that the fuel was green at the time of receipt at the depot and that it remained in the depot in the hot sun for 34 days. The Rationing Officer has therefore requested that the shortage amounting to 12.8% may be ordered to be written off the accounts of the depot.

2. The Auditor & Accounting Officer who was consulted in the matter has intimated that the shortage works upto 10.6% taking a ton as 91 maunds and that the same may be recommended to be written off the accounts in the circumstances stated by the Rationing Officer.

3. The inadmissible shortage works upto 2.6% costing Rs.480/-

4. In the circumstances, I request you to kindly obtain sanction of Government to write off the above inadmissible shortage of 2.6% in the accounts of the depot.

I have the honour to be,
Sir,
Your most obedient servant,

Addl. Director of Food Supplies.

1.Letter No.R2.F.464-C-2031/45-6 dated April 22, 46 from the Rationing Officer, Bangalore City, to the Director of Food Supplies in Mysore,B'lore

Sub: Shortage of fuel at Govt.fuel depot, VI division.

In submitting herewith the report No.C.1817/45-6 dated 25-3-46 and 15-4-46 received from the Assistant Rationing Officer, South Circle, on the above subject, I have the honour to state that a total shortage of 1640 maunds of casurina fuel for a receipt of 137-5-3 tons i.e., 12.8% is reported at the above depot. Since the percentage of inadmissible shortage works out to be 50% excess of the admissible shortages, the Assistant Rationing Officer was directed to fix up the responsibility on the officials concerned. He has now stated that the shortage is due to the fact that the fuel was green at the time of receipt at the depot and that it remained in the depot in the hot sun for 34 days and not due to any act on the part of the depot staff.

2. In view of the facts explained by the Assistant Rationing Officer, the shortages may kindly be ordered to be written off the accounts of the depot.

3. Early orders are solicited in the matter.

2. Letter No.R2.F.464-C.2031/45-46 dated June 10, 46 from the Rationing Officer, Bangalore City, to the Director of Food Supplies in Mysore,B'lore.

Subject: Shortage of fuel in the Government fuel depot,VI division.

With reference to your letter No.F.5821/45-6 dated 9-5-46 on the above subject, and calling for a report as to why the fuel was allowed to remain for 34 days in the depot exposing the same to the hot sun knowing fuel well that it was green etc, I have the honour to state as follows:-

1. The depot staff, in the first instance, were instructed to issue 50 casurina fuel and 50% other varieties of fuel, available in the depot, as per memo No.F.1418/45-6 dated 15-12-1945. The strict enforcement of this rule resulted in not disposing of the casurina fuel at an early date. When this was discovered, orders were given to issue full casurina fuel to such of the card holders who demanded it, which resulted in slightly heavier drawals. Even this demand became low when jungle (chigare) fuel was available in the depot thus the fuel was allowed to remain in the depot for a long time.

2. In the above circumstances, I request that orders may kindly be passed for the writing off the shortage.

3. The report of the Assistant Rationing Officer, South Circle, is herewith enclosed for kind perusal.

SIR,

Subject: Shortage of fuel in the Govt.Fuel Depot,VI Dn.

With reference to your letter No.S.D.2197/A.19-46-5 dated 31-8-46 enquiring whether any lower rate was paid to the contractors on account of the fuel being green at the time of delivery to the Depot, I have the honour to state that there is no specific provision in the present contract with the Company for payment of lower rates for green fuel supplied for civilian consumption and as such it was not possible to recover the loss of the shortage of the fuel from the contractors.

I, therefore, request you to kindly obtain sacntion of Government to write off the inadmissible shortage of 2.6% in the accounts of the Depot as already recommended in this Office letter dated 10-7-46.
